

## Kashmiri Keyboard Layout - Images

Normal. The image on the Key between **ی** and **ے** is used on **و** like **ؤ**. That between **ق** and **ع** is used in words like **دہل**, **دہل**

On Shift (with the Shift key pressed down).

On Alt+Control, or right Alt pressed down like.

### IMPORTANT NOTE

ؤ, ے, ے can be made by pressing shift+H, on ر, and shift+F on ی and و, respectively, but in that case the words may not be correctly seen on the mobile phones. The best way to make these letters is to press right\_alt+the related letter, r=ر, l=ی, and v=و.
